

Preparing for your Connect For Education Course

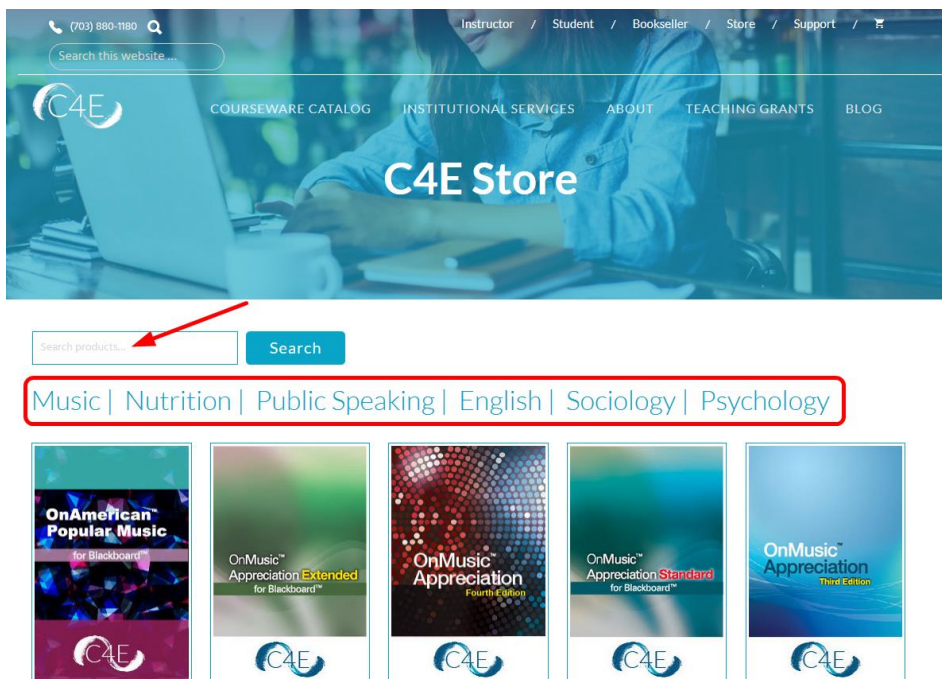

Please Note: This guide has been tailored to describe the purchasing and registration process for your course, which is hosted through your school's Moodle platform. Based on how your course has been configured, you will NOT need to register your Access Code on the Connect For Education registration page. Please review the following information carefully for instructions on how to gain access to your course.

Purchasing Your Access Code

To access the course materials, you will first need to purchase an Access Code. You may purchase your Access Code from the campus bookstore, or directly from Connect For Education's Online Store (<https://store.connect4education.com/>). Please note: if you are using financial aid, you may need to purchase the access code from the campus bookstore.

Provided below are instructions to purchase the Access Code from the C4E online store:

Returns for Online Access Codes

Registered access codes may be returned within 7 days of the registration date as long as no coursework has been completed. Under no circumstance will a refund be issued if any work in the course has been done.

The access code may be returned for a refund within 120 days of purchase if it has not been registered. To request a refund, please forward your order confirmation email to orders@connect4education.com and include a refund request in the message. After we verify the code has not been registered, we will issue a refund and send an email confirmation. Please allow 2-5 business days for the refund to post to your account.
